

## **ACCOUNTANT**

- Passion for financials plus insights?
- Central Christchurch location
- New role, help shape it!

### **A little about us:**

Anthony Harper is a top, internationally ranked, award winning law firm. With offices in Auckland and Christchurch we work with some of the largest national and international clients helping them advance their business goals.

### **About the opportunity:**

We have an exciting opportunity for a Finance and Systems accountant to be an integral part of our Finance team at Anthony Harper. This new role will assist our Head of Finance & Operations to provide sound financial management as well as insights into data to support efficient-decision making and process improvement.

In this role, day to day, you will:

- Prepare monthly accounts, cashflows and quarterly reforecasting.
- Prepare and examining financial records.
- Oversee and file compliance returns (RWT, GST etc.)
- Assist managers across the business to understand their budgets and make sound assumptions.
- Produce and ensure reporting needs of the firm are met, including variance analysis and financial modelling.
- Prepare and analyse data to support effective decision making and efficient operations.
- Make recommendations to improve the operations and financial literacy of our business.
- Develop and monitor data quality metrics.
- Provide supervision and support to the team.

Your 10+ years commercial experience in a Finance role and strong attention to detail is important, as is your desire to be collaborative and part of a small team who support each other and roll up their sleeves to get things done.

**If you think you have what it takes to be part of our team please send through your CV and cover letter today to [hr@ah.co.nz](mailto:hr@ah.co.nz)**
